- Under any other business, SJ suggested a club get-together, which, will be considered after the season has ended. Anand suggested the club emphasize fielding practice as a priority. He also wanted to know why certain individuals were always involved with getting the field ready for games e.g. boundary lines. Jay said individuals should take it upon themselves to be punctual and do fielding practises and ground preparation. Several persons were of the opinion the Manager for the game coordinate these activities. Dave spoke of the culture of the club whereby no one individual would be allowed to dominate batting and bowling activities. SJ also suggested that teams playing YCC should pay the expenses i.e. \$110 upfront. Jay said this was a good suggestion and would endeavour to take that route whenever possible, especially with newer sides.
- There being no other business, Dave called the meeting to an end.
